**Subject: Review of IUC by TRAI**

**Sir,**

We are already suffering the consequences of TRAI's new broadcasting regime which has resulted in lesser number of channels for higher charges to favour TV channels and broadcasters.

Now it appears now TRAI is reviewing IUC which was to be removed from 1st January 2020. This would result in likely increase of call charges again at the cost of consumers.

Telecom regulator is there to safeguard the interest of consumers. TRAI needs to ensure that cost of consumers is not increased for the sake of profits of private telecom companies.

We as consumer cannot continue to face burden of unjustified hike in charges. We request you to kindly put an end to exploitation of consumers in form of IUC continuation.

**Yours,**
