

Comments

1. Stakeholder are requested to give their comments on definition of AGR for all there categories of ISP licences.

“ A uniform licence fee rate of 8% of “Adjusted Gross Revenue (AGR) shall be adopted for all ISP and ISP-IT licences, in two starting from 01.07.2012 as follows:

Category of licence	details	Annual licence fee rate as % of AGR	
		For the period from 01.07.2012 to 31.03.2013	For year 2013-14 and onwards
ISP	Licence for provisioning of internet services issued under 1998 guidelines (without internet Telephony)	4%	8%
ISP-IT	Licence for provisioning of internet services (including internet Telephony) issued under 2002 guidelines, licence for provisioning of internet services issued under 24.08.2007 guidelinnes.	7%	8%

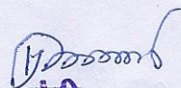

2. Should minimum presumptive AGR be applicable to BWA Spectrum holders under internet Service/ Access Service license(s) and other license with or without spectrum, including access service license? If yes, what should the value of minimum presumptive AGR?

Yes It should be 1% in all categories of minimum presumptive AGR.

3. Please suggest the amendments required in the formats of statement of revenue and license fee reported by various categories of internet service licenses and UAS licenses.

Yes, I agreed to TRAI decision.
