Hi

This is regarding intra circle MNP,

1) Please insert a clause where the user does not have to travel to HOME circle for any MNP related issues.

Eg. Home circle is Mumbai and porting circle is TN.

All the MNP requests should be initiated, approved and completed in TN circle itself without need to travel to Mumbai circle.

2) Intra circle portability should be available within same operator.

Eg: Home circle is TN and porting circle is Mumbai. And operator is Airtel, then number can be ported within Airtel from TN to Mumbai.
