Subject: Responses regarding broadband services
To: kapilhanda@traigov.in

To,
Sh. Kapil Handa,
TRAI,

Sir,
thank you for giving me the opportunity to share comments on "Draft direction on delivering broadband services in a transparent manner". Here is my humble opinion.

Responses regarding:

Definition of Broadband

USA medians the global broadband minimum speed requirements at 25 Mbps. **atleast make it 2mbps in india**

Fair Usage Policy

There is nothing fair about the fair usage policy and should be scrapped. Unlimited plans should be truly unlimited with no caps to data limits.

Speed of usage

atleast 2mbps is an absolute necessity for digital india
