SUB : COMMENTS ON CONSULTATION PAPER ON DTH TARIFF DATED 24.12.09

Dear Sir,

I have the honour to inform you that we have taken a DTH connection and the channels are very much costly for a domestic consumer. Also, the DTH operators are not encrypting our favourite regional channels after four years of their launch. The DTH tariff should be as per the Cable Tariff 2008 i.e. Rs. 82/- + tax for all Free To Air Channels per month and Rs. 5.35 + tax per pay channel per month on a-la-carte basis on pay per view basis. This will help the domestic consumer in a long way.

Thanking you,

Yours Sincerely,

Asitbaran Dey
