**TELECOMMUNICATION MOBILE NUMBER PORTABILITY
(NINTH AMENDMENT) REGULATIONS, 2023 (__ of 2023)**

Hon. Sir,

Namaskar.

Mobile Number Portability has significantly impacted the telecom industry by promoting competition and giving consumers the ability to choose services based on their preferences. While there have been challenges, we are happy to see that TRAI continue to work towards improving the MNP process, making it more user-friendly and efficient.

We are strongly agree with all the Amendments made by TRAI in the Principal Regulation “ The Telecommunication Mobile Number

Portability Regulation 2009, named as the Telecommunication Mobile Number Portability (Ninth Amendment) Regulations, 2023 (__ of 2023).

Thanks.

Yours faithfully,
(Dr. Kashyapnath)
President
